Ref: RM-10811

I support this petition and request that the FCC maintain the Morse code requirements for General and Extra class licenses.

I also support the following:

- 1. Technicians should get HF digital Privileges on the Novice bands.***
- 2. Written exams should emphasize technical questions more, especially for General and Extra class, and topics should be updated.***
- 3. Stop instant re-tests at VE sessions.***
- 4. Restore a syllabus of general topics in the regulations similar to before the April 2000 restructuring.***
